

**PARENTS:** THIS IS A REVERSE PERMISSION FORM AND ONLY NEEDS TO BE TURNED IN IF YOU DO NOT WANT YOUR CHILD TO FIT EARPLUGS TO THEIR EARS.

A Dangerous Decibels educator will be presenting the **Dangerous Decibels® program** to our students on [DATE]. The 50-minute program uses the principles of inquiry-based learning to teach the concepts of noise-induced hearing loss prevention. Students discover just how important it can be to “Turn it Down”, “Walk Away” and “Protect Your Ears”. During the “Protect Your Ears” activity, the students will be provided earplugs suitable for this age-group and the educator will guide the class through a practice earplug fitting. The earplugs will be theirs to keep after the program.

We only need you to return this form if you DO NOT want your child to practice fitting earplugs. Otherwise, your child will be able to participate and provided earplugs.

I DO NOT WANT MY CHLD TO PRACTICE FITTING EARPLUGS:
